

git-infrastructure.as.code

the git “infrastructure as code” student and instructor manuals

(c) 2021 Mathias Homann for Tech Data Akademie

Creating books

To rebuild html and/or pdf files use pandoc.

the lab environment

Create two VMs per student from the provided VMDK files. The VMs have to have access to the internet, but can be NAT’ed.

Accessing the labs

To access the lab machines, use the username **student** with the password **student**. The password for the root user is **Funk3nGr00v3n123**.
